Welcome from the Congress Chair

Dear Partners and Exhibitors,

In light of the continuing worldwide situation, the IAS Organising Committee 2021 have taken a difficult decision to organise the 35th IAS Meeting of Sedimentology virtually.

The virtual conference will be held from 21st to 25th June 2021 as a live online streaming preceded by short courses and onsite field trips in the Czech Republic and other countries, if possible. There will be 4 parallel streams, all recorded and available to watch later. We expect to attract a large number of attendees from all over the world, therefore, you will have a chance to approach an even broader range of experts than usually. The virtual format will also offer an interactive e-exhibition allowing sponsors and partners to easily communicate with participants.

We believe you will not miss this unique occasion to strengthen your business relations and support the IAS VIRTUAL MEETING 2021.

We look forward to meeting you online and onsite!

Prof. Ondřej Bábek
Chair of the Local Organising Committee
